Video Recreation Prompt: “Ludhiana ka agla Landmark” Real-Estate Reel

Reference stills from the source video (0.5s · 3.4s · 8.6s · 10.2s · 15.2s · 19.8s · 23.2s · 31.8s · 36.2s · 40.5s)

1. Format & Overall Style

- **Format:** Vertical 9:16, 720×1280 (or 1080×1920), 30 fps, about 43.6 s long, stereo audio at 44.1 kHz.
- **Genre:** A fast, high-energy Instagram Reel / YouTube Short ad for a commercial real-estate project. A female presenter speaks to camera in Hinglish (Hindi + English, written in Roman script). Bold kinetic typography appears on nearly every spoken keyword.
- **Look:** Bright, airy and slightly overexposed daylight grade. Warm skin, lifted whites, low contrast and soft highlights. The background is shallow-focus (f/1.8–2.8 bokeh). Everything feels premium and lifestyle-led.
- **Presenter wardrobe/look (for consistency):** White strapless ruched top, tan/caramel high-waist paper-bag trousers with a tie belt, a chunky pearl necklace, large silver hoop earrings, long highlighted brown hair, and nude heels. A small lav mic is clipped to the top.
- **Camera:** Gimbal shots. The presenter is centred, either walking slowly toward the camera or standing with hands clasped at the waist. Medium-wide framing, with punch-in crops (110–130 %) on emphasis lines. Some wide full-body shots of her walking.

2. Typography System (the most important part)

Every caption follows a **two-tier system**:

A. TOP HEADLINE (the main keyword, upper third, y ≈ 20–30 % of the frame)

- **Font:** Ultra-heavy, slanted geometric sans-serif, such as **Poppins Black Italic / Montserrat Black Italic / Gilroy Heavy Italic**. Tight tracking (−20 to −40).
- **Size:** Huge. The word fills about 80–90 % of the frame width.
- **Colour:** Peach-orange vertical gradient, **#F7B183 (top) → #E8793F (bottom)**.
- **Shadow:** A large, soft, dark drop shadow/glow behind the letters (black at 35–45 % opacity, blur 25–40 px, offset 6–10 px down-right). This makes a hazy dark halo that separates the text from the bright sky.
- **Depth effect:** The headline sits **BEHIND the presenter's head and hair** (rotoscope/subject mask). Her head overlaps the letters, as on "Ludhiana", "₹20", "15%", "India's" and "Smart".
- **Sub-word:** A small secondary word in **thin/light italic white sans (Poppins Light Italic / Montserrat Thin Italic)**, about 30 % of the headline's height. It tucks into the lower-right corner of the headline and overlaps it slightly. Examples: Ludhiana *ka*, yaha *apni*, Investment *starts*, loyalty *benefit*, Attractive *rental*, Jewellery *Hub*, Double-height *Shops*, Dawatpur *Punjab's*, 1000+ *Car*, Smart *investors*, ₹25,000 *monthly / income*, India's *next*.
- **Optional pre-word** (small white light italic, above-left): *Luxury* Heritage *Bazaar*, *sirf* ₹20.

B. LOWER CAPTION (chest level, y ≈ 55–65 %, in FRONT of the presenter)

- **Main word:** Heavy upright/slightly italic sans (Poppins ExtraBold / Montserrat Black) with a **duotone split fill**. The top half is **deep plum/aubergine #3A0F33** and the bottom half is **cyan-blue #1B9AD6 → teal #2BB3C0**. The split is a soft diagonal or wave mask that animates across the word. There is a subtle inner shine.
  - Words: *Landmark, book, Matlab, fitout, Chowk, Bridal, destination, Parking, choose.*
- **Small white words above** (Poppins SemiBold, white, small): *agla*, *jagah*, *Till*, *after*, *Fountain*.
- **Small white words below** (Poppins Light, white): *kar lijiye*, *shopping*, *destination*, *mein se ek*, *spaces*, *karte hai*, *Lakh*.
- **Single-word karaoke fillers:** Tiny white Poppins Regular words flash one at a time in sync with the speech, centred at chest level. Examples: "Se", "Pehle", "De", "Har", "annum", "bigest", "nahi". Each lasts only 4–8 frames.

C. SPECIAL VARIANTS

- **"India's"**: The headline fill is an **Indian tricolour gradient**, saffron #FF9933 → white → green #138808, from top to bottom.
- **"₹32 Lakh"**: "₹32" in the plum/blue duotone, large and lower-centre, with "Lakh" in thin white italic.
- **"₹20" / "₹25,000"**: Orange-gradient headline style with a rupee symbol.

3. Text Animation Rules

- **Headline IN (8–10 frames):** Scale 130 % → 95 % → 100 % (overshoot pop). Opacity 0 → 100. Directional motion blur, plus a slight 3D Y-rotation (−15° → 0°). It lands exactly on the spoken syllable, on the music beat.
- **Sub-word IN:** Starts 4–6 frames after the headline. Slides 20 px from the right with a fade, or a quick type-on.

- **Lower caption IN:** Word-by-word. Each word fades up with a blur-to-sharp (Gaussian blur 20 → 0) and a scale 90 → 100 %. The duotone mask wipes left → right over 10–12 frames, so the word shimmers from plum to blue.
- **OUT:** Fast blur-out with an opacity drop (5–6 frames), or the text is wiped away by the next transition. Headlines often stay on screen while the lower captions change underneath.
- **Hold:** The headline holds for the whole phrase (1.5–4 s) with a subtle 2–3 % slow scale-up drift.

4. Transitions & VFX

1. **White-silhouette intro flash (0.0–0.2 s):** The presenter's cut-out mask fills solid white for 2–3 frames, then reveals the clip. The "Ludhiana" text slams in from blurred.
2. **White light-leak/flash transitions** (overexposure burst, 6–8 frames, with a warm yellow light leak). Used at about 3.9 s, 6.8 s, 25.5 s and 30.6 s. During the flash, the text glitch-dissolves into white horizontal streaks.
3. **Digital glitch/datamosh** at about 18.0 s. Horizontal block displacement, pixel-sorting slices and RGB split for about 10 frames between the "Attractive rental" and "Luxury Heritage" scenes.
4. **Hard cuts on the beat** for the B-roll and the scene changes at about 5.0, 6.0, 12.8 and 21.2 s.
5. **Falling money overlay** (7.0–9.0 s): Paper banknotes fall and flutter down across the frame in 3D, with motion blur and depth of field, over the "Investment starts → ₹32 Lakh" shot.
6. **Punch-in zooms:** Instant 115–125 % scale jumps on emphasis lines, at about 2.0 s and 12.5 s.
7. **Dip to black** at about 36.8 s, fading into the end card.
8. **Global grade:** A slight bloom/glow on the highlights, plus a subtle vignette.

5. Shot-by-Shot Timeline (reconstructed)

Time	Visual	On-screen text	Spoken line (Hinglish, approx.)
0.0–2.0	Presenter walks toward camera beside a black iron fence, with a construction site and a crane behind (bright sky)	**Ludhiana** *ka* (top, behind head) → *agla* **Landmark** (lower duotone) → "Se", "Pehle" fillers	"Ludhiana ka agla landmark... banne se pehle..."
2.0–3.9	Punch-in close-up, same location	**yaha** *apni* → *jagah* **book** *kar lijiye*	"...yahan apni jagah book kar lijiye."
3.9	White flash/light-leak transition	—	(riser + impact)
4.0–5.0	B-roll: architectural scale model of the project, slow push-in, shallow DOF	none	VO continues
5.0–5.9	B-roll: model at night, warm lit windows, brand name on the façade, dark background	none	VO
6.0–6.8	B-roll: aerial/top view of the model in the sales-office gallery, slow orbit	none	VO
6.8	White flash	—	whoosh

Time	Visual	On-screen text	Spoken line (Hinglish, approx.)
7.0–9.0	Presenter standing in front of a plum/purple branded hoarding (“1000+ Car Parking…”), banknotes falling	**Investment** *starts* → **₹32** *Lakh*	“Investment starts sirf 32 lakh se…”
9.0–10.5	Same, the façade logo visible above	*sirf* **₹20** (behind head) → “De”, “Har” fillers	“…sirf 20% de kar, har…”
10.5–12.5	Same	**₹25,000** *monthly* → **₹25,000** *income*	“…mahine 25,000 monthly income.”
12.5–12.8	Punch-in, slightly rotated framing	**Matlab** (lower duotone)	“Matlab…”
12.8–18.0	Cut to the presenter walking along a paved commercial street, buildings and trees, bokeh	**15%** → “annum” → **loyalty** *benefit* → *Till* **fitout** → **Attractive** *rental* → *after* **fitout**	“15% per annum loyalty benefit till fit-out, aur fit-out ke baad attractive rental.”
18.0	Glitch/datamosh transition	—	digital glitch SFX
18.2–21.2	Presenter at a roadside, traffic cones and a brand hoarding	*Luxury* **Heritage** *Bazaar* → **Fountain Chowk** → **Ghumar** *Mandi*	“Luxury heritage bazaar, Fountain Chowk aur Ghumar Mandi jaisa…”
21.2–25.5	Inside a boutique colonnade with arches, racks of colourful ethnic outfits; she gestures upward on the first beat	**India’s** *next* (tricolour) → **Bridal** *shopping* → **Bridal** *destination* → **Jewellery** *Hub*	“India’s next bridal shopping destination aur jewellery hub.”
25.5	White flash	—	whoosh/impact
26.0–30.6	Wide full-body: she walks out past a wooden-slat façade with a potted plant, then poses by a “Double Height Showroom” window	**Double-height** *Shops* → **Dawatpur** *Punjab’s* → “bigest” → **destination** *mein se ek*	“Double-height shops… Punjab’s biggest destinations mein se ek.”
30.6	White flash	—	whoosh
31.0–33.4	Medium shot in front of the plum hoarding with the “Entertainment Zone” graphic	**1000+** *Car* → **Parking** *spaces*	“1000+ car parking spaces.”
33.4–36.8	Wide shot: she walks toward camera, large white façade letters of the brand above. The logo badge (plum box, gold serif) pops in at 35.5 s	**Smart** *investors* → “nahi” → **choose** *karte hai* (lower)	“Smart investors sochte nahi, choose karte hain.”
36.8–37.5	Dip to black	—	music transition

Time	Visual	On-screen text	Spoken line (Hinglish, approx.)
37.5–43.6	**End card:** deep plum background **#3B1033**, colourful paisley/floral border along the bottom 10 %, tiny RERA/disclaimer text at the top and bottom, “*T&C APPLY” at the bottom right	Gold serif **“The Luxury of Everything That Matters”** types on letter by letter (38.3–39.5 s). Below it, **BRAND NAME** large gold serif logo with the tagline “A Luxurious Heritage Bazaar”. The logo slowly scales from 100 → 108 %, then everything fades to black at 43 s	(music only)

End-card typography: A classic high-contrast serif such as **Cinzel / Trajan Pro / Playfair Display SC** for the logo and **Libre Caslon / Playfair Display Regular** for the tagline. Colour: **muted antique gold #C9935F → #B07A4A** (flat, no shadow).

6. Sound Design

- **Music bed:** An upbeat, modern **house/corporate-pop groove at about 128 BPM**. A four-on-the-floor kick lands every 0.47 s from 0.7 s through about 36.5 s. Bright plucks/claps, no vocals. It is ducked about −14 dB under the voice (sidechain/auto-duck) and is loud enough to feel energetic. Cut all edits and text pops on the kick.
- **Voice:** A clean, close lav-mic voiceover. Confident, friendly and fast-paced (Hinglish salesperson-influencer tone). Compressed, de-essed, peaking around −6 dBFS with integrated loudness around −14 LUFS.
- **SFX list (sync exactly):**
  - **0.0 s:** Short **swoosh + bass impact** on the intro white flash.
  - **Each top-headline pop:** A soft, airy **whoosh/swish** (6–10 frames).
  - **Each lower duotone word:** A subtle **pop/click** or light “tick”.
  - **3.5–3.9 s:** A **reverse riser/sweep into a white-flash impact** (cinematic hit with reverb tail).
  - **6.6–8.0 s:** A **cash register “cha-ching” + paper money flutter** as the notes fall.
  - **12.5 s:** A quick **zoom whoosh** on the punch-in.
  - **18.0 s:** A **digital glitch/data stutter** (8–10 frames).
  - **25.5 s and 30.6 s: Whoosh + soft impact** on the white flashes.
  - **35.5 s:** A **shimmer/sparkle** as the logo badge appears.
  - **36.8–43.6 s:** The music switches to an **elegant outro swell**: warm pads, soft piano/strings and light chimes with a gentle shimmer while the tagline types on (subtle typewriter ticks are optional). Fade out over the last 0.8 s.

7. One-Paragraph Master Prompt (for AI video tools / editors)

> Create a 44-second vertical 9:16 Instagram Reel ad for a luxury commercial real-estate project. A stylish female presenter (white strapless top, tan paper-bag trousers, pearl necklace, silver hoops, long highlighted hair) speaks Hinglish to camera while walking slowly toward a gimbal camera across bright, airy outdoor locations: a construction site with a black fence, a branded plum hoarding, a paved commercial street, a boutique colonnade with ethnic-wear racks, and a large white-lettered building façade. Include B-roll of an illuminated architectural scale model. Grade bright, warm and low-contrast with soft bloom. Add kinetic typography on every keyword. Each keyword is a huge peach-to-orange gradient (#F7B183→#E8793F) ultra-bold

> italic sans headline (Poppins Black Italic) with a soft dark drop-shadow halo, placed behind the presenter’s head using a subject mask, plus a small thin white italic sub-word tucked at its lower right. Under it, at chest level, add a heavy sans word with a plum (#3A0F33) and cyan-blue (#1B9AD6) duotone split fill that wipes in, with small white helper words above and below. Single filler words flash in tiny white text in sync with the speech. Text pops in with overshoot scale, motion blur and slight 3D rotation, timed to a 128 BPM house beat. Use white light-leak flash transitions, one horizontal glitch/datamosh transition, beat-synced hard cuts, punch-in zooms, and falling banknotes over the investment price. Sound: upbeat 128 BPM house music ducked under a clean lav voiceover. Add whooshes on headlines, pops on lower words, a riser into an impact on flashes, a cash-register cha-ching with money flutter, a glitch stutter and a sparkle on the logo. End with a dip to black into a deep-plum (#3B1033) end card with a paisley floral border, gold serif type-on tagline, a slowly zooming gold serif logo, disclaimer text and “*T&C APPLY”, over an elegant shimmering outro swell.
